

GAME READY GRANDSTAND

Modular Seating Solution

Dant Clayton's **GAME READY GRANDSTAND** products are HIGH QUALITY and DURABLE, with modularized options incorporating COST EFFECTIVE and SCALABLE designs. EFFICIENT fabrication scheduling enables us to meet short lead times, ensuring you are GAME READY.

Capabilities

Produced in our state-of-the-art plants that process millions of pounds of steel and aluminum, these capabilities and equipment internally allow for greater quality control and continuous improvements in our products and processes.

HIGH QUALITY & DURABLE

Representing the highest quality standards in product safety, making our grandstand virtually maintenance free.

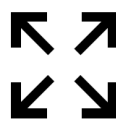

AFFORDABLE

Offering a significant reduction in cost, economical to install with pricing options to fit every budget.

QUICK TURN DELIVERY

Available to meet short lead times with quick ship and on time delivery to your site.

AFFORDABLE

Modularized standard products to meet your seating needs from 500 to 2,900 seats.

EASE OF PURCHASE

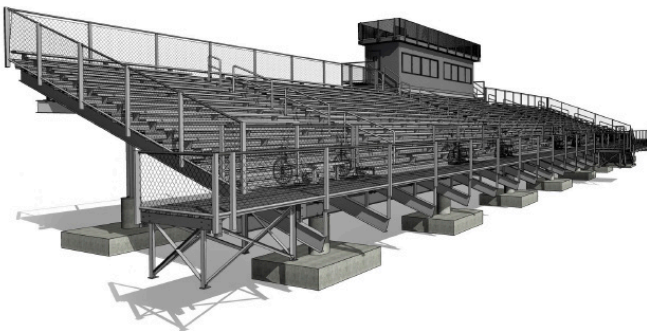

We deliver a timely, easy to understand quote with procurement options available.

Modular Grandstands

66' to 246' long modules, high-strength galvanized steel frame, mill finish interlocking foot boards, fully closed deck and industry leading highest quality seat boards. Configurable in intervals of 36'.

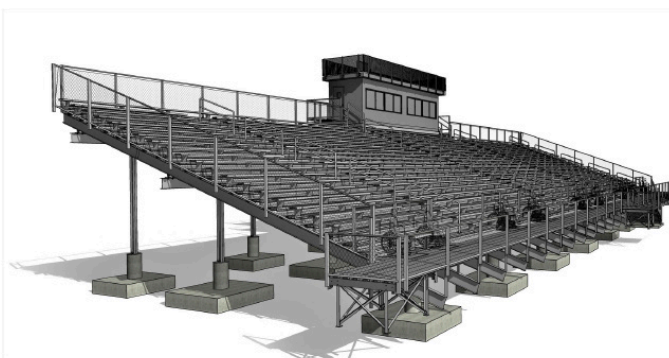

Potential Savings:

GAME READY GRANDSTANDS are priced significantly less than comparable custom grandstands.
