

What's better than being game ready? Being a champion!

Using high-quality and durable materials, this evolution of modularized cost-effective, scalable solutions, allow for efficient fabrication schedules and industry leading features to ensure your game readiness.

Optimal Sightlines

Two elevation options and a riser height that provides spectators a better view of the field, ensuring they don't miss a play.

Seating For Comfort

Deep tread depths allow for extra leg room, providing fans with the best seat in the house.

Incorporate Team Spirit

Powder coat finish options give the ability to integrate team colors & branding, making your Champion grandstand unique.

Superior Quality & Aesthetic

Quality decking, vertical picket rail and finish treatments, paired with multiple egress options, sets this model a step above the competition.

Safety Features

Welded deck and slip and stain resistant finish options create better water management and cleanliness of grandstand.

Championship Series - Modular Grandstands

67' to 247' long modules, high-strength galvanized steel frame, welded footboards, with deck finish options, configurable in intervals of 36'.

14 Row Units

Product ID	Length	Net Seats
GC14R66	67'-6"	499
